

# Enabling Enterprise

## Win a tour of Metro Bank

20 lucky children from Year 4, 5 and 6 will be going on a tour of Metro Bank in Slough on 1<sup>st</sup> November 2018. All you need to do is complete the Maths challenge attached and return to Ms Young by **Friday 28<sup>th</sup> September**. **Remember to label your work with your name and class.** Entries will be put into a hat and the lucky ten children will be revealed in assembly.

It could be you!

# How Much Did it Cost?

Dan bought a packet of crisps and an ice cream.

The cost of both of them together is in one of the boxes below.

£1.85	75p	£1.74	£2.25	£1	£1.56
£2.10	80p	£1.80	£3.06	£1.44	£1.50
£1.60	£1.25	£1.20	90p	£1.45	£1.27

Use these clues to find out how much he paid:

1. You need more than three coins to make this amount.
2. There would be change when using most valuable coin to buy them.
3. The crisps cost more than 50p.
4. You could pay without using any copper coins.
5. The ice cream costs exactly twice as much as the crisps.
