

# PRIORY YEAR 2

## Peek at the Week

Friday 9<sup>th</sup> October 2020

Dear Parents/Carers,

In English this week, the children have been working on ensuring that they are including the correct punctuation in their writing. As they enjoyed the text 'The Tiger Child', the children worked towards creating a missing poster. Next week, the children will begin to explore instructions.

In Maths, the children have been working on partitioning numbers in different ways and showing a deeper understanding of this through problem solving. Next week, the children will work on their addition skills.

This week in Science, the children enjoyed exploring different materials and their properties and were very intrigued when deciding whether certain materials were absorbent or waterproof. The children will continue to explore different materials and their properties.

The children enjoyed celebrating Yellow Day and generated many examples to show kindness. We cannot wait for the children to take part in our kindness bingo activity!

The children have been reading with our reading consultant this week and she was extremely impressed. Thank you for your continued support in reading at home.

### **Notices:**

- To celebrate good behaviour – '*Free Time Friday*' will happen each Friday. The children enjoyed their time this week. Next week, the children are able to partake in a PE activity, which will be football, as well as our year group activities. For children joining football, their class teacher will notify you on Thursday and those children will need to bring their PE kits into school on Friday.

We hope you have a great weekend!

The Year 2 Team
