Hello Yellow

The children had a wonderful day on Tuesday and looked very colourful in their yellow/bright coloured clothing. Record numbers of children and young people are seeking out mental health support, with many of them not being able to

access the support and treatment they need. Waiting lists are getting longer and young people are being made to feel

like their feelings don't matter. Thank you for your donations–the money will help to achieve the above.

Our Learning

English

This week we created a story map to show the main events in our story 'Pebble in my Pocket' and we annotated them with key words. We also performed parts of the story and brought them to life using actions, movements and expression. Next week we will be researching how sedimentary rocks are formed.

Maths

This week, the children learnt adding, subtracting and making connections with 1s, 10s and 100s. They had a recap lesson on the different words they could use instead of saying subtraction. They used partitioning and number lines to subtract two and three digit numbers.

RE

This week we started our RE lessons about the Hindu festival of Diwali. We learnt this festival is about

good over evil and discussed the importance of light. The children looked

at religious artefacts and some children shared their knowledge of Diwali. We then

looked at the lyrics of a Diwali song and why the singer chose the words in the song.
