Year 5 Peek at the Week
15th March 2024

Important Dates / Reminders

Happy Ramadan

Holi Event: 25th March

Priory's Got Talent: 28th March

This week, we enjoyed activities designed around STEM week: we made moveable vehicles in DT and visited the Science Museum too.

Our Learning

This week, we have been partaking in STEM week by designing and building our own space buggies. Using our knowledge of circuits, we created a motor and end the week by racing our vehicles! We also went to the Science Museum to explore a range of prior learning and apply it to new contexts.

In maths, we continued to focus on our topic of perimeter and area, and focus on strategies linked to polygons, rectangles and compound shapes.

In English, we started our new book '1001 Arabian Nights'. We made predictions about the story and explored a selection of traditional tales.

This term in PSHRE, we will be celebrating Neurodiversity and learning all about ASD, ADHD, dyslexia and dyspraxia.

Next week, we will start coding in ICT using Micro-bits, we will look at algorithms and making name badges using LED displays.

In maths, we will focus on drawing graphs and interpreting the information provided. We will further our mathematical skills by learning new strategies within two-way tables and interpreting timetables.

In English, we will continue to explore 1001 Arabian Nights through drama and retellings. Here, we will be comparing traditional tales to the adaptations in this text. We will then be creating our own version of a traditional tale that could become another chapter in 1001

Child of the Week

5Dawe: N/A 5Maple: Aiden 5Ofili: Tobi

Word of the Week: privilege

Remember to read 3 times a week and practise your timetables on Rockstar Maths and Doodle Maths.
